The Drop-off Recycling Center offers a convenient way to reduce your environmental footprint and is a one-stop shop for reuse and recycling. It's the hub of El Cerrito's environmental programs and activities, from energy efficiency and climate action to urban greening.

As a LEED facility that features a zero-net energy building, recycled rain-water catchment, rain gardens, native plantings and reused building materials, the Center is a living model of sustainability. Please take a look at the video at www.el-cerrito.org/green entitled *Where Recycling is a Pleasure* to learn more.

To find out what materials are accepted and not accepted for recycling and for answers to many frequently asked questions go to www.el-cerrito.org/green.
