BEFORE AND AFTERSCHOOL POLICIES, PROCEDURES & GENERAL INFORMATION

PROGRAM GOALS

Children deserve the opportunity to discover who they are and what they can achieve. The Recreation Department strives to help each child reach their potential by planning and implementing a safe, nurturing and enriching recreation program that meets the demand for before and after school services in the community at facilities that serve each of the three WCCUSD Elementary Schools in the City of El Cerrito.

CITY FEE POLICIES

Fees are established which ensure that before and afterschool recreation programs are 100% self-supporting, including overhead costs. Our fees are comparable to private and non-profit organizations in the community. We provide a reduced rate for families that qualify for the free lunch or reduced lunch according to federal guidelines. The Park and Recreation Commission reviews fees and makes recommendations for approval to the City Council as needed. Third party payments are accepted from organizations that are able to subsidize the cost for those families that qualify.

IMPORTANT INFORMATION

- **Modification of Policies:** The City of El Cerrito Before and Afterschool Program reserves the right to modify any of the policies in this *Before and Afterschool Policies, Procedures & Information* packet upon 30 days written notice to the parent or guardian.
- **Right of California State Licensing Agency:** The City operates two programs at each school; a school-based recreation program that takes place on campus, and a licensed child care program that takes place in the licensed Clubhouse. The California State Licensing Agency has the following authority: To interview children or staff, and to inspect and audit child or facility records, without prior consent; To observe the physical condition of the child(ren), including conditions which could indicate abuse, neglect of inappropriate placement, and to have a licensed medical professional physically examine the child(ren).

COVID-SPECIFIC REQUIREMENTS AND CONDITIONS

This Handbook will be updated as guidance changes. As of August 3, 2021:

- * Masks indoors for children are expected to be required this fall
- * Programs are still expected to minimize close contact and maintain social distancing as much as possible.
- * Food and material sharing is still minimal, and parents will be asked to provide their child's snack until children are vaccinated.
- * Best practices are for parents to pick up their children outside of the facility if possible.

To keep groups as stable as possible, priority registration was given to 5 day per week enrollments, and currently enrollments are accepted for 3-4 days per week of care. Families who need care less days per week will only be incorporated if group sizes are small enough to accommodate flexible schedules. Drop-ins will not be accommodated until stable groups are no longer required.

To view the most updated guidance, please view the link on our website at www.el-cerrito.org/childcare

BEFORE AND AFTERSCHOOL POLICIES, PROCEDURES & INFORMATION

PROGRAM GUIDELINES

- **Supervision Ratio:** Our ratio of adults to children is 1:14. While these are the required ratios for licensed childcare in the programs that we operate that are licensed, we follow these guidelines across all programs. Our supervision ratio provides even greater adult supervision.
- **Parent Communication:** The Community Services Coordinator for each site will email seasonal newsletters and event calendars, providing parents and guardians with information regarding upcoming events and activities. Hard copies will be available at the site as well.
- **Parent Involvement:** Your involvement in the program is essential. We welcome you to visit our program at any time (we expect some modifications for Fall of 2021 including the requirements of social distancing and face coverings, and will ask you to keep your visits outdoors until further guidance is received). Guardians must cooperate with all policies and procedures and are responsible for respecting staff and handling their concerns in a professional matter. Please refrain from interacting with any children other than your own, and make sure that your involvement does not distract children from participating.
- **Playground Dress Code Guidelines:** All students will have outside play time unless inclement weather exists. If children are too ill to go outside, then they are too ill to attend a youth program. Should it be raining or below a temperature where all children have appropriate clothing, students will be kept indoors. Students should be appropriately dressed for the weather. All students should wear athletic clothing for running around and getting dirty, as well as close-toed athletic shoes. Staff members will use their discretion in determining whether a child is dressed appropriately to play outside in differing weather conditions using the chart below:

Above 90 degrees
Children will only go out for short (15 minutes or less) periods of time with mandatory water breaks
Above 60 degrees - 90
I can choose what I want to wear!
60 – 51 degrees
I need a jacket or longsleeves, legs covered
50 – 41 degrees
I need a coat, hat and legs covered
40 degrees or lower
I need a winter coat, hat & gloves, snow pants and boots

BEFORE AND AFTERSCHOOL POLICIES, PROCEDURES & INFORMATION

- **Guidelines for Healthy Eating:** Afternoon snack is between 3:00pm and 3:30pm. Snacks will be provided by the parent/guardian until children are vaccinated. Once children are vaccinated, standard snack practices will resume: snack menus are posted at the site for your reference. Each snack will consist of at least 2 items. Our goal is to provide a fresh fruit or vegetable each day as well as a second item such as crackers or a cheesestick. All grain products (such as crackers) are whole-grain. Families are encouraged to pack additional snacks in their child's lunch. Any children who are showing signs that they are still hungry during snack time will be encouraged to look for additional food in their lunch box. If your child has life-threatening allergies, or wheat or gluten allergies, we ask that you provide your own food. Please do not pack items that need to be refrigerated or re-heated, as we cannot provide that service.
- **Items from Home:** Children should leave toys, cell phones, electronics, skateboards, roller blades, bicycles, or radios at home. When possible, we will plan special days and activities where children can bring special toys. We cannot take responsibility for lost personal items, though every effort will be made to assist children in looking after their personal belongings. We strongly recommend labeling all of your child's belongings.
- **Homework:** Homework practices differ at each school and are being re-evaluated at the State level. We align our homework program around the school's homework practices. We ask children if they have homework they need to be doing during our homework time. Children who do not have homework are asked to keep up on their silent reading during this time.
- **Lost and Found:** If your child has lost an item, please check the programs lost and found each week. Items left over a week will be donated.
- **Nondiscrimination Policy:** As a program licensed by the State of California, we have a policy of nondiscrimination based on race, religion, color, creed or ethnic background, or disability.
- **Children with Special Needs:** Children with special needs are welcome participants in our child care programs provided there is no adverse effect on other children enrolled in the program (through direct behavior of the child or the need for one-on-one attention). Prior to enrollment, the family and the Site Director will meet to discuss the appropriateness of the child's placement.

SCHEDULE POLICIES & PROCEDURES

- **Attendance:** When your child is enrolled in our program, we reserve **space** in that program for your child. While we understand that absences occur for a variety of reasons, non-attendance does not entitle you to a refund (including family vacations). For illnesses or absences, please contact the Clubhouse site before your child is due to arrive at the program.
- **All Schedule Changes and Cancellations (subject to program availability) Require:**

 1. Payment of the fee
 2. Will be effective the first day of the next month, with a minimum of two weeks' notice submitted in writing (email OK).
- **Drop-Ins:** Drop ins cannot be accommodated until stable cohorts are no longer required. When that happens, drop in policies are: If space is available, children registered in our programs may attend the program on a day they are not regularly scheduled by coordinating the drop-in with the site Coordinator or lead staff.
 - Parents are responsible for requesting a drop-in in writing to the Community Services Coordinator or Program Supervisor at least 48 hours in advance. Parents of kindergarteners should also notify the child's school of the planned drop-in.

We will notify all families on the same day we receive this information. We require that all families do a thorough check of their child at home after any lice notification. Children who have had lice may return to care as soon as they are treated as long as there are no signs of lice, nits or eggs.

Types of incidental medical services to be provided include, but may not be limited to: prescription medications and over-the-counter (OTC) medications as determined in writing by the medical provider. All plans are individualized based on the needs of the child and preparation of staff in ensuring the health and safety of the child in the program.

Any incident deemed unusual or severe will be reported to licensing through an Unusual Incident Report within 24 hours, with a written report to follow within 7 days. Use of regularly scheduled medicines as prescribed such as inhalers or medications will be considered typical, and not unusual, and will not be reported. However, all medications administered, even typical will be logged in the medication log as stated in the Record Keeping section of this plan. Unusual or severe incidences would include any use of an epi-pen as well as any symptoms that merited a call to the parent, and any symptoms that require immediate medical attention.

Prescription Medications

Prescription medications will be administered only if the medication is in its original container with a prescription label attached. The medical provider's recommended dosage must be on the label as well as the child's name. The Consent to Administer Medication form will be completed by the parent and staff to ensure all staff can administer the required medication. All medications will be current and will not exceed the expiration date as listed on the medication container. The teacher will initial the medication log after each dose is administered and the parent/guardian will sign at the end of each day as needed.

Over-The-Counter (OTC) Medications

OTC medications will be administered only if the medication is in the original container and a letter from a medical professional is on file. The letter must state how the medication is to be used, the length of treatment time, and the dosage needed and signed and dated by the medical professional. This letter will expire in one year's time if not otherwise noted. The Consent to Administer Medication form will be completed by the parent and staff to ensure all staff can administer the required medication as needed. Teaching staff, or other staff administering the medication, will be trained and document each time the medication is given using the medication log. All staff will initial the medication log after each dose is administered and the parent/guardian will sign at the end of each day as needed.

Other Medications

EpiPens, Inhalers, and other medications will only be given at one of our preschools or childcare sites with a prescription according to the health provider instructions, and a special health care plan is in place

BEFORE AND AFTERSCHOOL POLICIES, PROCEDURES & INFORMATION

(asthma action plan, allergy action plan, seizure care plan, etc.). All care plans will be reviewed by the Site Director. Additional training will be given as needed to address each individual care plan. The Consent to Administer Medication form will be completed by the parent and staff to ensure all staff can administer the required medication as needed. Teachers or other staff administering medication will document each time the medication was given using the medication log. Staff will initial the medication log after each dose is administered and the parent/guardian will sign at the end of each day as needed.

Asthma Plans

An Asthma Action Plan is in place for all children diagnosed with asthma by a qualified medical professional. Inhalers or other medications will be administered as indicated above. Children with asthma are listed on the Extra Special Health Needs plan which is posted confidentially in each classroom and in the kitchen or food preparation areas. Licensing form (LIC 9166) is completed to allow staff to administer inhaled medications.

EpiPen's

In order to have an EpiPen on site, children must have an Allergy Action plan completed by their medical professional. The Allergy Action plan will identify the symptoms to look for and will indicate when an EpiPen should be used. Children with allergies are listed on the Extra Special Health Needs plan which is posted confidentially in each classroom and in the kitchen or food preparation areas.

Record Keeping

Medical records will be obtained for all incidental medical services needed. Staff will request medical records with the parent's written authorization for the City of El Cerrito to contact medical providers. All documents will be maintained in the child's center file and also will be uploaded into the agency's database. All documents will be reviewed by the Site Director. Copies of all documents and care plans will also be stored in the medication bag next to the prescribed medication. Written instructions from medical providers are needed to administer any medication. Other documents used for record keeping include: verification of staff training, asthma action plan, allergy action plan, special health care plan, nebulizer consent, medication administration consent, medication log and the Extra Special Health Needs posting. In addition, case notes from staff will document the follow up needed for each child requiring medications.

Storage

All medications are stored in medication containers in the classroom or office and will be kept out of reach of children and locked at all times. Each child will have individual medications stored in a zip lock bag in the medication container. Each zip lock bag will be labeled with the child's name and the date of medication expiration. Lifesaving medications, such as EpiPen's, will be kept out of reach in the medication container, but will remain in the unlocked front pocket for quick access. All medications requiring refrigeration will be kept in a locked medication box in the refrigerator and will be labeled with child's name and date of medication expiration. It is the parent's responsibility to collect the medication from the center once the medication is no longer in use and to replace before it expires.

Administration

Teaching staff and Site Directors are the primary staff trained to administer all medications. Additional staff may administer medications if the required consents and forms are signed and dated. All medications will be brought to every field trip and evacuation due to drills and emergency situations and will be carried in the medication backpack. In addition, the medication backpack is brought outside and

BEFORE AND AFTERSCHOOL POLICIES, PROCEDURES & INFORMATION

stored out of reach, during every outdoor play period.

Training

Annual trainings for all staff to address medication administration, storage, and procedures will be conducted. Individual trainings will take place on site for each child in order for staff to review each individual health provider recommendation. Training will be completed by our Site Director as needed. A training binder will be kept on site at each center.

Precautions

Gloves will be worn while administering any medication to ensure universal precautions are met. Hands will be washed prior to medication administration and immediately after medication administration.
